Education

Year	Degree/Certificate	Institute	CGPA/Percentage
2020-2023	High School Diploma	Hoang Le Kha High School for the Gifted	8.50
2023-2027	Bachelor of Information Technology	VNU-HCM, University of Science	(Current) 8.73

Projects

- **Comic Reader App** *Apr 2026*
  Mobile Development project **GitHub**
  - Developed an Android application supporting comics reading and AI assistance to enhance user's reading experience (Text-to-speech).
  - **Role:** All of members engaging in this project were in charge of the same role including both Backend and Mobile App UX/UI developer for specific features.
- **Java Remote Directory Monitor** *Dec 2025*
  Java Application Programming Project **GitHub**
  - Engineered a Client-Server application in Java to monitor remote directory file changes in real-time.
  - **Role:** This is individual project, so I was in charge of comprehensive coding for this application.
- **Online Auction Website** *Dec 2025*
  Web Development Project **GitHub**
  - Developed an online auction platform enabling users to place bids and track auction sessions using ExpressJS and ReactJS. The other used tech stacks including GMail services to automatically send email, QuillJS for rich text editing, Supabase for robust database management, ...
  - **Role:** This is individual project, so I was in charge of comprehensive coding for this bidding system.

Technical Skills

- **Programming Languages**: Java, JavaScript, Python, SQL, C/C++
- **Web & Frameworks**: NodeJS, ReactJS, ExpressJS
- **Database & Tools**: SQL Server, Docker, Git, iTerm2, Vim, VS Code, Render
- **Core Competencies**: Software Design Patterns, SDLC, Web Security, Machine Learning (PhoBERT, CNN)

Key courses taken

- **Software & Development**: Introduction to Programming, Programming Techniques, Object-Oriented Programming, Introduction to Software Engineering, Web Development, Java Application Programming
- **Core Computer Science**: Introduction to Information Technology, Computer Systems, Data Structures and Algorithms, Operating Systems, Computer Networks, Databases, Advanced Databases
- **AI & Advanced Tech**: Introduction to Artificial Intelligence, Introduction to Machine Learning, Internet of Things
- **Math & Foundations**: Discrete Mathematics, Linear Algebra, Combinatorics, Probability and Statistics, Numerical Methods

Certifications

- **TOEIC Listening and Reading - Score: 800/990** | Issued by IIG Vietnam (Dec 2025)

Miscellaneous

- **HCMUS CTF 2025 Preliminary Round - Rank 11** 2025
  Annual Capture The Flag contest by the University of Science, solving practical security challenges with a focus on Web Exploitation, Pwn, and Crypto.
- **FIT@HCMUS Thach Thuc Academic Competition 2026 Preliminary Round - Personal Score: 30/50** 2026
  Traditional academic competition hosted by the Faculty of Information Technology, testing comprehensive knowledge in computer science, algorithms, and core technologies.

Summary

Highly motivated Information Technology junior at VNU-HCM, University of Science with a strong academic foundation (GPA: 8.73) and professional English proficiency (TOEIC 800). While experienced in full-stack web and mobile development, my primary technical focus and passion lie in backend engineering utilizing Java and the Spring Boot framework. Equipped with solid problem-solving skills demonstrated through academic competitions and CTF events, I am eager to secure an internship or fresher position where I can actively add value to a dynamic engineering team and contribute to robust software solutions.
